		12/28/2026	12/30/2026

Note: Drop date for container shipments is Thursday before the ship sails. If your northbound shipment is not ready by the requested drop date, please call to advise and provide an invoice for product you will drop off by 11 AM the following day. Air cargo drop dates are dependent on the days the air carrier has a cargo flight, and because all flights are subject to last minute changes, we encourage all customers to bring their shipments in as early as possible.
